टिप्पणियाँ

(Remarks)

यद्यपि सारे भारतवर्ष में पंजीयन का प्रबन्ध है, फिर भी कई सूचनाएं पंजीयक को नहीं दी जाती। इस कारण पंजीयन का विवरण अपूर्ण रह जाता है। इसके अतिरिक्त पंजीयकों से राज्य सरकारों के मुख्यालयों को विवरण भेजने की व्यवस्था भी बहुत असंतोषजनक है जिसके कारण पंजित घटनाओं का बड़ा अंश दरें निकालते समय रह जाता है। इस पत्रिका में दी गई जन्म, मृत्यु तथा शिशु मृत्यु दरें कहीं अधिक और कहीं कम अपूर्ण हैं। इनको पूर्ण करने के लिये और विवरण भेजने की व्यवस्था को सुदृढ़ करने के लिए प्रयत्न किए जा रहे हैं।

जिन नगरों के आंकड़े प्राप्त नहीं हो सके उनकी जनसंख्या दरें निकालते समय छोड़ दी गई थीं।

[While arrangements for the registration of births and deaths exist in most parts of the country, a large proportion of births and deaths fails to be reported to the Registrars. The registration of births and deaths is thus, incomplete. Further, arrangements for the transmission of returns from the Registrars to the State Headquarters are far from satisfactory with the result that a large proportion of events, although registered, are missed at the time of compilation of vital rates. The birth, death and infant mortality rates presented in this publication are, thus, deficient to a varying degree. Efforts are being made to improve the completeness and ensure efficiency in the transmission of returns.]

Appropriate adjustments in the population base were made in cases, where the data for any town could not be included.]
